Uses per day

Smite Evil (Su): You can call out to the powers of good to aid you in your struggle against evil 5 times per day. As a swift action, you choose one target within sight to smite. If this target is evil, you add +6 to your attack rolls and +15 to all damage rolls made against the target of your smite. If the target of Smite Evil is an outsider with the evil subtype, an evil-aligned dragon, or an undead creature, the bonus to damage on the first successful attack increases to +30. Regardless of the target, Smite Evil attacks automatically bypass any DR the creature might possess. In addition, while smite evil is in effect, you gain a +6 deflection bonus to your AC against attacks made by the target of the smite. If you target a creature that is not evil, the smite is wasted with no effect. The Smite Evil effect remains until the target of the smite is dead or the next time you rest and regain your uses of this ability. [Paizo Inc. - Core Rulebook, p.60]

Bonus Feat

Celestial Spirit (Sp)

[Paizo Inc. - Core Rulebook, p.63]

Your divine bond allows you to enhance your weapon as a standard action by calling upon the aid of a celestial spirit for 15 minutes. When called, the spirit causes the weapon to shed light as a torch. This spirit grants the weapon a +4 enhancement bonus. This bonus can be added to the weapon, stacking with existing weapon bonuses to a maximum of +5, or it can be used to add any of the following weapon properties:

defending, flaming, keen, merciful (+1), axiomatic, disruption, flaming burst, holy (+2), speed (+3), and brilliant energy (+4). Adding these properties consumes an amount of bonus equal to the property's cost. These bonuses are added to any properties the weapon already has, but duplicate abilities do not stack. If the weapon is not magical, at least a +1 enhancement bonus must be added before any other properties can be added. The bonus and properties granted by the spirit are determined when the spirit is called and cannot be changed until the spirit is called again. The celestial spirit imparts no bonuses if the weapon is held by anyone other than you but resumes giving bonuses if returned to you. These bonuses apply to only one end of a double weapon. You can use this ability 3 times per day. If a weapon bonded with a celestial spirit is destroyed, you lose the use of this ability for 30 days, or until you gain a level, whichever comes first. During this 30-day period, you take a -1 penalty on attack and weapon damage rolls.

Concentration, up to 150 minutes [D] At Will **Detect Evil** Divination 1 standard action 60 ft CR:p.266

[v, s, bf] TARGET: Cone-shaped emanation; EFFECT: You can sense the presence of evil. The amount of information revealed depends on how long you study a particular area or subject. 1st Round: Presence or absence of evil. 2nd Round: Number of evil auras [creatures, objects, or spells] in the area and the power of the most potent evil aura present. If you are of good alignment, and the strongest evil aura's power is overwhelming [see below], and the HD or level of the aura's source is at least twice your character level, you are stunned for 1 round and the spell ends. 3rd Round: The power and location of each aura. If an aura is outside your line of sight, then you discern its direction but not its exact location. Aura Power: An evil aura's power depends on the type of evil creature or object that you're detecting and its HD, caster level, or [in the case of a cleric] class level; see the table below. If an aura falls into more than one strength category, the spell indicates the stronger of the two. Lingering Aura: An evil aura lingers after its original source dissipates [in the case of a spell] or is destroyed [in the case of a creature or magic item]. If detect evil is cast and directed at such a location, the spell indicates an aura strength of dim [even weaker than a faint aura]. How long the aura lingers at this dim level depends on its original power: Original Strength | Duration of Lingering Aura Faint | 1d6 rounds Moderate | 1d6 minutes Strong | 1d6 x 10 minutes Overwhelming | 1d6 days Animals, traps, poisons, and other potential perils are not evil, and as such this spell does not detect them. The spell can penetrate barriers, but 1 foot of stone, 1 inch of common metal, a thin sheet of lead, or 3 feet of wood or dirt blocks it. [SR:No]

1 standard action □□□□□Dispel Magic Instantaneous

[V, s] TARGET: One spellcaster, creature, or object; EFFECT: You can use dispel magic to end one ongoing spell that has been cast on a creature or object, to temporarily suppress the magical abilities of a magic item, or to counter another spellcaster's spell. A dispelled spell ends as if its duration had expired. Some spells, as detailed in their descriptions, can't be defeated by dispel magic. Dispel magic can dispel [but not counter] spell-like effects just as it does spells. The effect of a spell with an instantaneous duration can't be dispelled, because the magical effect is already over before the dispel magic can take effect. You choose to use dispel magic in one of two ways: a targeted dispel or a counterspell. Targeted Dispel: One object, creature, or spell is the target of the dispel magic spell. You make one dispel check [1d20 + your caster level] and compare that to the spell with highest caster level [DC = 11 + the spell's caster level]. If successful, that spell ends. If not, compare the same result to the spell with the next highest caster level. Repeat this required a 23 or higher], but it is high enough to end the fly [which only required a 17]. Had the dispel check resulted in a 23 or higher, the stoneskin would have been a 16 or less, no spells would have been affected. You can also use a targeted dispel to specifically end one spell affecting the target, or you have failed to dispel every spell. For example, a 7th-level caster casts dispel magic, targeting a creature affected by stoneskin [caster level 12th] and fly [caster level 6th]. The caster level check results in a 19. This check is not high enough to end the stoneskin [which would have required a 23 or higher], but it is high enough to end the fly [which only required a 17]. Had the dispel check resulted in a 23 or higher, the stoneskin would have been dispelled, leaving the fly intact. Had the dispel check been a 16 or less, no spells would have been affected. You can also use a targeted dispel to specifically end one spell affecting the target or one spell affecting an area [such as a wall of fire]. You must name the specific spell effect to be targeted in this way. If your caster level check is equal to or higher than the DC of that spell, it ends. No other spells or effects on the target are dispelled if your check is not high enough to end the targeted effect. If you target an object or creature that is the effect of an ongoing spell [such as a monster summoned by summon monster], you make a dispel check to end the spell that conjured the object or creature. If the object that you target is a magic item, you make a dispel check against the item's caster level [DC = 11 + the item's caster level]. If you succeed, all the item's magical properties are suppressed for 1d4 rounds, after which the item recovers its magical properties. A suppressed item becomes nonmagical for the duration of the effect. An interdimensional opening [such as a bag of holding] is temporarily closed. A magic item's physical properties are unchanged: A suppressed magic sword is still a sword [a masterwork sword, in fact]. Artifacts and deities are unaffected by mortal magic such as this. You automatically succeed on your dispel check against any spell that you cast yourself. Counterspell

[Iv, s] TARGET: Up to one creature per level, all within 30 ft. of each other; EFFECT: This spell frees victims from enchantments, transmutations, and curses. Break enchantment can reverse even an instantaneous effect. For each such effect, you make a caster level check [1d20 + caster level, maximum +15] against a DC of 11 + caster level of the effect. Success means that the creature is free of the spell, curse, or effect. For a cursed magic item, the DC is equal to the DC of the curse. If the spell is one that cannot be dispelled by dispel magic, break enchantment works only if that spell is 5th level or lower. If the effect comes from a permanent magic item, break enchantment does not remove the curse from the item, but it does free the victim from the item's effects. [SR:No; DC:20, See text]
